

MEDAL CLASSES

Medal classes are designed to provide you with more technique that we don't have the time to teach in Social Classes. We teach you lots of popular basic movements concentrating on the correct technique. All this is choreographed into routines you will be able to dance at any occasion from social evenings and weddings to dance competitions.

The courses comprise of ten, one hour group lessons - one lesson each week for ten weeks, with lots of individual tuition. This is followed by a half hour private lesson near the end of the course.
